Hi Mike:

I don't have a preference for meeting topics on December 17 (Nikki is not available that day). Let's see if we receive suggestions from others, and if not I'm ok with cancelling the meeting. I recommend we cancel the December 31 meeting.

Thx-Sue

Hi Susan,

Thank you for the agenda topics. We'll coordinate for appropriate timing of each.

I have in my notes that we'd address the Corps' cultural resources comments at our next coordination meeting, which is scheduled for Dec 17, 1 to 3. Is that not correct? If we are going to hold off on those comments until Jan 14, do you have a preference for meeting topics on Dec 17 and Dec 31, or do you want to cancel one or both of those? (I think you meant we should cancel Dec 31 meeting, not Jan 31 meeting, right?)

Thanks,
Mike

Hi Mike:

Thanks again for facilitating yesterday's meeting. I spoke with Archeologist, Niki Polson (SPK Planning Division) regarding the Corps comment review session focused on Chapter 18. Niki is willing to attend our January 14 meeting and briefly go over some of her comments.

Per your request for agenda items for future BDCP permitting coordination meetings, Meegan suggested we meet with Maria Rea to ascertain NMFS' position on the Yolo Bypass (i.e., Does NMFS absolutely need to inundate the floodplain for a successful HCP?)

Megan: Did I accurately characterize your concern?

Mark Ebbin wanted to talk about alternatives analysis (404(b)(1)); Erin had some suggestions also.

Erin: Did you suggest that we discuss 404(b)(1) and the BDCP adaptive management program?

If anyone has any other ideas for future agenda items, please run them by Mike Bradbury and I.

I think we ought to cancel the January 31st meeting

Thank you,
Susan
